Compliance with the uses and regulations of the Town of Lockport

Zoning Ordinance, Article XVIII, CH.200, Site Plan Review

11

 Summary of project acreage, development, parking, density and percentage of uses

III. REQUIRED SITE PLAN IMPROVEMENTS
Public and private roadways and their right-of-way Pedestrian walkways and sidewalks
Easements of access, utility, drainage, recreation, etc.  Sewer, water, storm water management
Common area improvements
Landscaping and buffers Connections to adjacent similar facilities and publicly maintained facilities
Off-site improvements for public continuity and coordination
Bonding will be required for improvements located within or connected to any public right-of-way or public facility. This typically includes highways, drainage, utility improvements and erosion and sediment control measures applicable to site development and required off-site improvements. Sureties of public improvements are subject to reasonable estimates and acceptance by the Zoning Official along with proper guarantee of performance as required by the Town of Lockport Zoning Ordinance.
Site plans are required for uses subject to Special Exception Permits, planned unit developments, multi-family dwellings (3+units), institutional structures (schools,
churches, etc.), hotels/motels and commercial and industrial buildings. Two 24x36 and
(12), 11x17 copies of the site plan are to be submitted with this application to the Building Office for distribution to the appropriate review agencies and the Town of
Lockport Planning Board. These are subject to review and consideration by the Planning Board which has the final responsibility for approval. All site plans must be accompanied by the appropriate fees to be received and processed for review.
socompumou of the appropriate jees to be received and processed for review.
ESTIMATED FEES FOR THIS SITE PLAN, BASED ON THE SCOPE AND EXTENT OF DEVELOPMENT, ARE:
\$

### 617.20 Appendix B Short Environmental Assessment Form

#### **Instructions for Completing**

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			·	<del></del>
Name of Action or Project:				
Project Location (describe, and attach a location map):				
Brief Description of Proposed Action:				
				i
Name of Applicant or Sponsor:	Telep			
	E-Ma	il:		
Address:	··		<u> </u>	
C' DO		·		
City/PO;		State:	Zip Code:	
1. Does the proposed action only involve the legislative adoption of a plan, le				
administrative rule, or regulation?		•	NO	YES
If Yes, attach a narrative description of the intent of the proposed action and the environmental recourses that				
may be affected in the municipality and proceed to Part 2. If no, continue to				F
2. Does the proposed action require a permit, approval or funding from any of Yes, list agency(s) name and permit or approval:	other go	overnmental Agency?	NO	YES
· · · · · · · · · · · · · · · · · · ·				
2 o Total garage of the site o				<u></u>
3.a. Total acreage of the site of the proposed action?  b. Total acreage to be physically disturbed?  acres				
c. Total acreage (project site and any contiguous properties) owned				
or controlled by the applicant or project sponsor?		_acres		
4. Check all land uses that occur on, adjoining and near the proposed action.	·		<del>- · · · ·</del>	
☐ Urban ☐ Rural (non-agriculture) ☐ Industrial ☐ Comme	ercial	☐Residential (suburba	n)	
☐Forest ☐Agriculture ☐Aquatic ☐Other (s	specify)	):		
Parkland				
		····	· · · · · · · · · · · · · · · · · · ·	

5. Is the proposed action,	VO Y	ES N/A
a. A permitted use under the zoning regulations?	<b>*</b>	7   17/2
b. Consistent with the adopted comprehensive plan?	<b>=</b>   -	
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?	NO	YES
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?  If Yes, identify:	NO	YES
	_	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	NO	YES
b. Are public transportation service(s) available at or near the site of the proposed action?		
c. Are any pedestrian accommodations or bicycle routes available on or near site of the proposed action?		177
9. Does the proposed action meet or exceed the state energy code requirements?  If the proposed action will exceed requirements, describe design features and technologies:	NO	YES
10 Will the		
10. Will the proposed action connect to an existing public/private water supply?	NO.	YES
If No, describe method for providing potable water:		
11. Will the proposed action connect to existing wastewater utilities?	NO	YES
If No, describe method for providing wastewater treatment:		
12. a. Does the site contain a structure that is listed on either the State or National Register of Historic Places?	NO	YES
b. Is the proposed action located in an archeological sensitive area?		
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?	NO	YES
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?  If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:		
		: 1
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that Shoreline Forest Agricultural/grasslands Early mid-successional Wetland Urban Suburban	apply:	
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?	NO	YES
16. Is the project site located in the 100 year flood plain?	NO	YES
17. Will the proposed action create storm water discharge, either from point or non-point sources?  If Yes,	NO	YES
a. Will storm water discharges flow to adjacent properties?		
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?  If Yes, briefly describe:  NO YES		

	18. Does the proposed action include construction or other activities that result in the impoundme water or other liquids (e.g. retention pond, waste lagoon, dam)? f Yes, explain purpose and size:	nt of	NO	YE
1	9. Has the site of the proposed action or an adjoining property been the location of an active or cl solid waste management facility? f Yes, describe:	osed	NO	YE
_		<del></del>		ا ا
ĺ	<ol> <li>Has the site of the proposed action or an adjoining property been the subject of remediation (on completed) for hazardous waste?</li> <li>Yes, describe:</li> </ol>	going or	NO	YES
_				
I	AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE NOWLEDGE	TO THE I	BEST O	F MY
Aj	pplicant/sponsor name: Date:			<u></u>
		No, or small impact may occur	Mode to la imp ma	irge act ay
1.	Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?			
2.	Will the proposed action result in a change in the use or intensity of use of land?			<del>-</del>
3.	Will the proposed action impair the character or quality of the existing community?			
4.	Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?			
5.	Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?			]
6.	Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		Ē	
7.	Will the proposed action impact existing: a. public / private water supplies?			
	b. public / private wastewater treatment utilities?			
8. 	Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?			
9.	Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterhodies groundwater air quality flore and fauna)?			1

   		No, or small impact may occur	Moderate to large impact may occur
	Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11.	Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.  Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
